Wadham School

A Church of England Community School

"Life in all its fullness" *John 10:10*

Tuesday 6th October 2026

Dear Parent/Carer,

Re: Axiom Maths Circles Invite Letter

We would like to offer your child the exciting opportunity to be part of the Axiom Maths Circles. The programme seeks to assist in students reaching their potential in maths and building their confidence in the subject. The aim of this programme is to help students achieve the top grades and be successful in Mathematics at A level and beyond.

In the Axiom Maths Circles students will get the opportunities to explore exciting problems, think creatively and deeply, and work with a group of curious mathematicians. There will also be opportunities for the group to meet with students from other schools to continue to develop their mathematical skills.

The programme runs once a week after school on Tuesday in E01.
It will be from 3.00pm – 4.00pm.
The club will begin on Tuesday 13th October.

If students need to use the late bus this will need to be booked in advance.
If you need support in how to do this, please let me know.

To sign up please go to Arbor > clubs > Axiom Maths and you will be able to give consent.

If you have any questions, please do not hesitate to contact me on khiggins@wadhamschool.co.uk

Yours sincerely,

Mrs K Higgins
Mathematics Teacher
Transition Lead
