

Wadham School

A Church of England Community School

"Life in all its fullness" John 10:10

3rd September 2026

Dear Parents and Carers,

Re: Curriculum Information Term 1 (3rd September to 23rd October)

As part of our commitment to provide a good quality of education for the young people at Wadham School this letter shares information to help and support parents, carers and student. This letter outlines:

- Curriculum. (Academic and Personal)
- Academic Grouping.
- Teaching and Learning Principles (Positive Social Norms)
- Specific year group learning content for Term 1.
- Absence and Home-Learning.
- Extra-curricular activities.

Mrs Hutter will be sending all parents and carers a letter with details of Knowledge Organisers and Homework Grids.

Curriculum

Through our curriculum, we provide a wide range of learning experiences both inside and outside of the classroom to encourage a love of learning and give the opportunity to experience success and fulfilment. The information below is a starting point to enable positive discussions at home about subject content. Leaders and teachers at Wadham School plan the curriculum and the sequence of learning very carefully. This gives all students the opportunity to work hard and progress in their academic studies to reach their full potential.

Academic Curriculum (Hours per two-week cycle)

Subject	Year 7	Year 8	Year 9	Year 10	Year 11
Core – English	8	8	8	8	8
Core – Maths	7	7	7	8	8
Core - Science	7	7	7	10	10

Religious Studies	n/a	n/a	n/a	Option	Option
Statistics	n/a	n/a	n/a	Future Option	Option

Personal Development (Hours per two-week cycle)

All students are taught subjects which form the 'Personal Development' Curriculum. Our intent is that these subjects provide a variety of relevant and enjoyable activities enabling all students to develop their intellectual, moral, social, physical, spiritual and personal qualities to the full. The subjects that form the 'Personal Development' Curriculum are outlined below with the hours of teaching per two-week cycle.

Subject	Year 7	Year 8	Year 9	Year 10	Year 11
Personal Development (PD)	2	2	2	2	2
Beliefs and Worldviews (BWV)	2	2	2	2	2
Physical Education (PE)	5	5	5	4	4
Enrichment (ER)				1	1

Academic Grouping

At Wadham School, grouping for most subjects is based on ability, expected progress, attitude to learning and engagement. A student's classwork, homework, exercise book, ability to process and answer questions and performance in assessments all support our process of grouping students.

All students are given equal and fair opportunity to demonstrate their ability. Students are grouped with other students of similar ability who are learning and progressing at the same rate.

Classroom teachers and department leaders continually assess the progress of students throughout the school year and at strategically placed points information is used to indicate grouping. A student's group will be indicated on their timetable. We expect that being placed in the correct group will help the learning and progress of a

student. **Key Principle:** Students deserve to be moved to a higher set if they have good attendance, work hard, take responsibility for their learning, demonstrate improvement in outcomes, potential is seen and there is confidence that the student will be able to access learning in a higher set.

We encourage students to talk to their teachers about how they can progress so that they may be in a position to move sets. Parents and Carers are also encouraged to talk to their child/children about their progress and communicate with the relevant teacher, Head of Department or Head of Year if there are any concerns. Contact details of all staff can be found in the Communications Booklet.

Group Information

Year 7

Grouping is linear. Set 1-5. No sides of the year splitting the cohort.

Subject linked groups:

Science, Art, PE, Food, DT, Music, Drama (Timetable code 7GS/Number)

English, BWV, Geography, French (Timetable code 7GE/Number)

Maths, Computing, History, PD, German (Timetable code 7GM/Number)

Year 8 (and 9)

Each year group is split into two cohorts called the 'G' side and the 'R' side.

Subject linked groups:

Science, BWV, PD and PE (Timetable code 8GS/Number or 8RS/Number)

English, Geography, Music (Timetable code 8GE/Number or 8RE/Number)

Maths, Computing, History, Drama, (Timetable code 8GM/Number or 8RM/Number)

Languages, Food, Art, DT (Timetable code 8G/Letter or 8R/Letter)

In KS4 students will have the opportunity to progress to set RS1. Students in RS1 will follow the 'Separate Science' GCSE course.

Year 10 (and 11)

Each year group is split into two cohorts called the 'G' side and the 'R' side.

Subject linked groups:

Science, English (Timetable code 10GS/Number or 10RS/Number)

Maths, BWV, PD (Timetable code 10GM/Number or 10RM/Number)

Option Subjects (Timetable code 10A, 10B, 10C)

Teaching and Learning

Positive Social Norms are at the heart of our teaching.
The learning journey in every lesson is consistent.

You can find details of the full curriculum on the school website.

Subject	What will my Year 7 child learn in this subject Term 1?
Art	The Formal Elements in Art
Beliefs and Worldviews	Introduction to BWV: Key Concepts: What is Religion? What are Worldviews? Why are Values important? Holy Books – Ideas about God and the History of Religious Development.
Computing	Understanding technology, staying safe and introduction to basic programming.
Design and Technology	Pupils will develop their knowledge of fibres and fabrics. They will learn surface design techniques such as applique and tie-dye.
Drama	An introduction to Drama – The Five fundamentals of Drama.
English	Myths, Legends, sacred stories and fairy tales.
Food	Food Hygiene, Safety and Kitchen Equipment. Sensory analysis. The Eatwell Guide and 8 tips for a healthy lifestyle. Starchy carbohydrates.
French	'Je me présente' (Introducing myself) [1]: Classroom language, where French is spoken in the world, greetings and introductions, numbers and age, months and birthdays.
Geography	Fantastic places- students will develop geospatial awareness by visiting different parts of the world to help expand on their map skills.

German	'Meine Welt und ich' (Me and my world) [1]: Classroom language, where German is spoken in the world, greetings and introductions, numbers and age, months and birthdays.
History	Introduction to History and 1066 Norman Invasion.
Maths	Sequences. Algebraic notation and substitution. Expressions and equations. Averages and range.
Music	Elements of Music.
Personal Development	Transition to secondary school and personal safety in and outside school, including first aid
Physical Education	Football, Rugby, Hockey.
Science	Safety and Skills and Cells, tissues, organs and systems

* Please note: We review and evaluate our learning plans regularly and therefore some changes may be made termly.

Absence and Home-Learning

We understand that it is unavoidable at times for a young person to be absent from school. However, we are keen that the learning and progress of a young person is not hindered by absence. In the majority of cases learning can be completed at home whilst absent from school. This will mean gaps in learning will be less of a concern when a young person returns to school as soon as possible after an absence.

The expectation is that students work at home and present their work to their class teacher when they return to school, either online or on paper.

Guide to learning at home:

The information outlined in the Term 1 Curriculum Letter and Knowledge Organiser will help students identify the learning being completed in lessons at school this term. Online homework will also be accessible.

Core Subject Learning Resources:

English

Complete independent work using Seneca. Complete work and learn curriculum topic(s) identified on the learning plans on the school website.
www.senecalearning.com.

Maths (KS3)

Students who are absent when they are timetabled a Maths lesson should log in to SPARX, go to 'Independent Learning' and complete codes for their current topic.

Students can find which codes to do in their Knowledge Organisers. Sparx will support Maths learning with videos, explanations, written work and questions with answers.

Students also have compulsory homework set on Sparx. Students should make sure this homework is complete and work on the additional XP Boost and Target questions which are updated every week.

Students can also use the wide range of Maths learning websites available online to revisit topics that they have recently covered in lessons or topics that were identified on the curriculum letter or on the knowledge organisers.

Science

In KS3 students who are absent for a timetabled science lesson should use their knowledge organiser to identify the topic that they are studying at present and then look at the relevant section on BBC bitesize to support this learning. Students can complete a range of quizzes and interactive learning activities. A list of topics, with links, will be shared with students via teams.

In KS4 students who are absent for a timetabled science lesson should use their knowledge organiser to identify the topic that they are studying and then look at the relevant section in the online text book: [ActiveHub | Home](#)
Log in: student school email address.
Password: Password123

Students in KS4 may also wish to use BBC bitesize to support their learning. The exam board that they study is Edexcel.

Extra-curricular activities – Term 1.
