

Wadham School

A Church of England Community School

"Life in all its fullness" John 10:10

3rd June 2024

Dear Parents and Carers,

Re: Curriculum Information Term 6 (3rd June to 19th July)

This letter outlines the content of lessons in each subject this term as we complete the final stages of learning this academic year. Assessments completed in class will inform colleagues of the progress that has been made by each young person and planning for academic setting can be worked through during this term.

Leaders and teachers at Wadham plan the learning, and the sequence of learning very carefully. This gives all students the opportunity to work hard and progress in their academic studies to reach their full potential.

You can find full details of the curriculum on the school website. Below you will see information for Year 7.

Subject	What will my Year 7 child learn in this subject Term 6?
Art	Tingatinga project, completing final pieces.
Beliefs and Worldviews	Does God exist topic and consolidation of work done across the year.
Computing	Build on understanding of the control structures' sequence, selection, and iteration, and develop their problem-solving skills using Scratch.
Design & Technology	Students will be learning how fabric products can be constructed. They will have the opportunity to work practically to create their own product.
English	Finishing Nature Poetry Unit and then moving onto studying The Tempest by Shakespeare.
Food	Planning a 'meal for mates' Appraising and evaluating the learning journey for Food in Yr 7.
French	Mon temps libre: weather phrases, sports with 'jouer', adverbs of time and frequency, activities with 'faire', technology vocabulary, opinions and reasons.
Geography	Fieldwork- 'The Geography of Crime'. This is an introduction to fieldwork using a range of data collection techniques and evaluative skills to answer the question 'Where is the best place for Mr Straker to have lunch?'
German	Freizeit – juhu!: weather phrases, sports with 'spielen', adverbs of time and frequency, other free time activities, technology vocabulary, opinions and reasons.
History	The Crusades. Students will finish this topic before doing a mini topic all about witches.
Maths	Developing number sense, Sets & probability, Prime numbers & proof.

Yeovil Road, Crewkerne, Somerset. TA18 7NT Telephone 01460 270123
Website : www.wadhamschool.co.uk E-Mail : office@wadhamschool.co.uk

Headteacher: Mr R Burgas
Chair of Governors: Mr C Chapman

Music	Keyboard skills.
Personal Development	Safe and unsafe choices, Substances, Gangs, Exploitation and Emergency First Aid.
Physical Education	Cricket, rounders, athletics and tennis.
Science	Complete Term 5 Units on Plants, Periodic Table and Fluids and then preparation for end of Year exams.

* Please note: We review and evaluate our learning plans regularly and therefore some changes may be made termly.

Absence and Home-Learning

We understand that it is unavoidable at times for a young person to be absent from school. However, we are keen that the learning and progress of a young person is not hindered by absence. In the majority of cases learning can be completed at home whilst absent from school. This will mean gaps in learning will be less of a concern when a young person returns to school as soon as possible after an absence.

The expectation is that students work at home and present their work to their class teacher when they return to school, either online or on paper.

Guide to learning at home:

The information outlined in the Term 5 Curriculum Letter and Knowledge Organiser will help students identify the learning being completed in lessons at school this term.

Core Subject Learning Resources:

English Year 7 - Students who are absent when they are timetabled an English lesson should read the current curriculum topic using our library service:

[Wadham School \(accessit.online\)](https://uk.accessit.online/wdh01/#!dashboard)

<https://uk.accessit.online/wdh01/#!dashboard>

Complete independent work on the curriculum topic(s) using Seneca plus complete and homework set via Teams and on Seneca. www.senecalearning.com.

Maths Year 7 - Students who are absent when they are timetabled a Maths lesson should access SPARX and use the topic code shown on the knowledge organiser. In the table above the learning for the whole term is identified also. Sparx will support Maths learning with videos, explanations, written work and questions with answers.

Students also have compulsory homework set on Sparx. Students should make sure this homework is complete and work on the additional XP Boost questions which are updated every week.

Students can also use the wide range of Maths learning websites available online to revisit topics that they have recently covered in lessons or topics that were identified on the curriculum letter or on the knowledge organisers sent earlier in the school year.

Science Year 7 - Students who are absent when they are timetabled a Science lesson should use the following active learn website to access the online text book and resources. <https://www.pearsonactivelearn.com/app/home>. To log in : use school email address as the username and all passwords have been set as "Science2024".

This resource provides the textbook used in class so students will be able to find the topics that are identified on the curriculum letter. Further details can be found in the knowledge organiser.

The work set will show up in the 'Tasks' tab at the top of the page and can be repeated as many times as needed. These tasks have been set by Mrs Hazle to link in with the terms work.

All students also have access to their homework on teams. You can access any support needed from your Science teacher by contacting them through Teams.

Term 6 Club Timetable

	Monday	Tuesday	Wednesday	Thursday	Friday
Lunchtime (1.20-1.55)	Basketball (All years)	MFL (A11) (Years 7,8,9)	Table Tennis (Years 7,8)	Tennis (Years 7,8)	Science Club (All years)
