

History
Academic Learning
Plan - Year 10

Intent: Students are offered a rich SOW that emphasises the importance of power and influence of those that have it. Beyond this, students will gain an understanding of how beliefs and attitudes shape people's approach to world around them and the way they react to it. The aim of the various units is to build upon some of the key skills and knowledge that students gained in KS3, this will help them successfully study history at KS4. They explore medicine (explored in 7, 8 & 9) and the control of government, organisations and attitudes of ordinary people. Elizabeth addresses international relations and tolerance of others.
